EXPORT DUTY ON COPPER ORES RAISED

Cananea Copper Company Is Now Paying \$40 a Ton Export Duty On Copper.

Parties coming up from Cananea last evening state that word was received there yesterday that the Mexican government has again raised the export duty on ores coming out from Mexico. The duty now paid by the Cananea Copper company amounts to about two and one tenth cents per pound or about \$40 a ton. With the present output of about eighty tons a day the company is paying on the copper alone about \$1200 per day. The values of the gold and silver in the matte is not figured in this and would amount to considerable more.

The decree just issued supplements the one put in force the first of May and makes a pronounced increase in the export duty on silver, copper, lead and zinc ores.

The duty, which was to have been computed at 10 per cent of the gross value of the ore according to the New York market quotation, is arbitrarily changed by the new decree. Silver ore, which would have been taxed about \$2.45 a kilo (Mexican gold) on May 1 ruling, has been increased to \$4.97 a kilo. About 33 ounces are in one kilo of silver.

Increase Duty on Lead.
The duty on lead ore has been increased from 5 cents a kilo or 32 ounces, to 1.45 cents (Mexican gold). Lead is worth about \$7.50 a hundred pounds. The duty on zinc has been increased from 5 cents to 3.82 cents a kilo (Mexican gold).

The most arbitrary increase, however, was made in copper. The export duty has been only 5 cents a kilo, and the new decree placed the duty at 9.28 a kilo. These figures, payable in Mexican gold, are to be figured at one half of the quotation to get the equivalent in American money.

According to custom brokers and mining men, the effect of the decree will completely paralyze any future efforts on the part of the small mine owners since the export duty is confiscatory and practically wipes out any possibility of profit to the mining companies. They assert that the ruling can have only one meaning, and that is to prevent any mining operations that the properties which are attempting to run will be closed. Then the decree which demands that all mines be operated by May 25, which order has not been cancelled, all properties not operating will be subject to being taken over by the government.

The order of Carranza also specifies that a tax of ten per cent must be paid from the gross receipts of any motion picture houses, musical entertainments, and baseball games played in the open air.

KING OF DENMARK ILL.

COPENHAGEN, May 18. — King Christian was operated on today for an intestinal trouble similar to that which necessitated an operation early in 1915. The king was under an anesthetic for an hour. The surgeons announced the operation was successful.

SAN DIEGO SETS JULY 4 FOR PREPAREDNESS PARADE
SAN DIEGO, May 18. — Plans for a grander preparedness parade here July 4 were outlined today by prominent citizens who, it was said, had been promised help from army and navy officials stationed here.

BAPTISTS WILL GIVE SOCIAL STUNT TONIGHT

An Evening of Enjoyment is Offered For All Who Wish to Attend.

At 8 o'clock this evening there will be a church social held at the Baptist Church, Clawson Hill, situated just south of the Bisbee High School. There will be a social time for everybody. All Baptists are cordially urged to come, bring your neighbors and friends to an evening of fun.

The order of the evening will be:
1. Singing, by Philathea Class.
2. Fun For a Dime, by H. E. Morgan.
3. Mrs. Jarly's Wax Works, by Ladies Aid.
4. Eliminations, by B. Y. P. U.

There will also be singing, solo on the Unalike, etc. Refreshments will be served. There will be no admission fee and a general invitation is extended to the public to come and enjoy the evening.

CLASS OF 1916 TO BE LARGEST EVER GRADUATED

Sixteen Young Men and Nine Young Women Will Receive Diplomas from Bisbee High School Next Week.

Twenty-five young women and men, the largest class ever graduated in the history of the city, will receive their diplomas from the Bisbee high school next week. Paradoxical as it seems the masculine element will outnumber the fairer ones sixteen to nine, a fact almost unheard of in the American high school.

The entire week will be devoted to commencement festivities. Sunday at 3 p. m. the graduates will listen to the Baccalaureate sermon by Rev. Harold S. Brewster of the Episcopal Church.

Wednesday will be class day for them, when they will read their rhymes, their prophecies and their farewells, toast and participate in the Class Day exercises at 8:15 in the evening.

And on Thursday evening at 8:15, the end of their school days in Bisbee will have come; they will listen to the Commencement address by R. B. von Klein-Smidt, president of the University of Arizona; will receive their diplomas, and go out of the life of the big friendly old school with its cherished associations forever.

Two thirds of them have expressed a determination to go on to the higher institutions of learning, while the rest will pitch into the sterner duties of their chosen bent, but the record-breaking class of Bisbee's "High" will be scattered forever.

The roll of Bisbee's 1916 class contains the following names: Henry Peterson, president; Martha Gillis, vice president; Wendell Phillips Bell, Edward Robert Belton, Lea Roberts Berry, Herbert John Burrows, William John Cain, Ruth Campbell, Madge Chapman, Nemo Debbly, Ralph Brown Doherty, Martha Gillis, Emma Creech Halbert, Evelyn Kennedy, Kathryn Speed McKean, Dushan Medkovich, Henrietta Macdonald Muat, Henry Alfred Peterson, Mark Grenfell Shattuck, Ernest Verner Shelp, James Murden

Stamper, Charles Standridge, Newton Bradford Trenham, Ralph Bryan Verburgh, Verice Orville Watkins, E. Louise Williams.

TUG-O-WAR AND BALL GAME SUNDAY

Shift Bosses of C. & A. Positively Will Appear—Positively.

That tug-o-war, also the ball game between crews of the C. & A. and Copper Queen, positively will be held at the Warren grounds Sunday afternoon at 2:30.

Both events are occupying a big place on the calendar, but the tug-o-war, between the shift bosses is the headliner on the bill, and as most headlines, is the last thing on the program.

The bosses of the Copper Queen are being fed raw beefsteak to make them vicious, according to report, while the C. & A.'s are soaking up on W. J. Bryan grapejuice, but confidentially both are having big cleats nailed to the bottom of their soles and have laid in a big supply of rosin, solemnly determined to pull the other side across or "break something."

The ball game will see practically the same lineup of the C. & A., while the Copper Queen have discovered several new finds, all of which will be seen in action at the opening of the game. The lineup of the teams in both events will be published tomorrow.

FAMOUS GUERRILLA IS SERIOUSLY ILL

Col. John S. Mosby.

Col. John S. Mosby, a picturesque figure in Washington and widely known as a Confederate guerrilla chief during the Civil war, is seriously ill in a Washington hospital. He is eighty-two years old.

SIX NEW TEACHERS FOR BISBEE SCHOOLS

The election of six more teachers for Bisbee's schools for next year was announced by the school board yesterday. They are:

Francis A. Mintier, a graduate of Drake University at Des Moines with several years' experience, will teach in the grades.

Miss Grace Parsons of Bates College, in Maine, also possessed of experience, to the grades.

Miss Agnes Perry, a graduate of the Tempe Normal and at present a departmental instructor in the Phoenix high school, to teach in the grades. She is a sister of Miss Maud Perry, a member of the local faculty.

Miss Jean Quinn, a Tempe Normal graduate with experience, to the grades.

Mrs. Mabel Moore, teacher in the Bisbee schools who has been on a year's leave of absence, attending Columbia University, New York, will return to the grades.

Miss Winifred Cooley of the University of Chicago, who will teach domestic science in the grades.

COUNTY ENGINEER BACK FROM GOOD ROADS MEETING

Reports Session Largest and Best Ever Held in the State. Bisbee Citizens Elected As Officers.

County Engineer J. C. Ryan returned yesterday morning from Phoenix where he attended the meeting of the Good Roads Association as a delegate from Cochise County. Mr. Ryan reports that the meeting was the most successful of all that have been in the state not only in the points of attendance but in the enthusiasm. The association will issue a pamphlet soon that will contain all of the addresses

Housekeeping apartments; 2 rooms, \$20 to \$35 monthly; 3 rooms, \$40 to \$60 monthly; single rooms, \$1 per day up, \$4 weekly up. 250; outside rooms, cool and modern. In center of shopping district. Beach cars from door.
J. A. RILEY, Mgr.

gress, in conference committees, two enactments making provision for national construction of highways in the various states, and particularly in the forest reserves of which Arizona has several, the Bankhead bill having passed the senate, and the Shackleford bill having passed the house, and the Arizona Good Roads Association being deeply interested in such legislation, be it

Resolved, that said association in annual meeting at Phoenix, May 16, 1916, endorse the Bankhead bill, with the rider attached, embodying the best provisions of the Shackleford bill and respectfully request the Arizona senators and representatives in congress to urge its enactment, and

Whereas, the state of Arizona and

the various counties therein are expending large sums of money upon an adequate road system, that will cost other large sums in the upkeep, and

Whereas, the upkeep of such roads will be conserved and economized by a wise regulation of the traffic thereon limiting on scientific principles the loads carried; now, then, be it

Resolved, that this association memorialize the legislature of Arizona that it enact a law limiting the weight to be carried by any vehicle using the roads for freighting or other traffic by the width of its tires; and

Whereas, the state of Arizona has within its limits several Indian reser-

variations that have to be entered or crossed by its people in transaction of business, be it

Resolved, that the senators and representatives of Arizona in congress be requested and urged to secure in the Indian appropriation bill an appropriation for roads across such Indian reservations; and

Whereas, the present road laws of the state of Arizona can be improved in great measure, be it

Resolved, that this association should provide a committee on legislation, to which should be committed the work of drawing adequate road laws, and present the same to the next legislature of Arizona, urging its adoption and exerting all the influences of the association toward that end.

Resolved that the annual dues for membership in the Arizona Good Roads Association shall be fixed at \$1 a year for individual memberships and \$10 a year, in advance, for commercial and business organizations. Membership dues shall be collected by the secretary from the office of the Arizona Good Roads association.

THE GAS RANGE COMBINES Comfort & Economy

In thousands of homes the gas range has made home tasks easier.

It has multiplied the moments of leisure.

If you are not enjoying the conveniences which come with the use of gas, now is the time to start.

See the complete Reliable line displayed at our store.

Kitchen Heater--Trash Burner

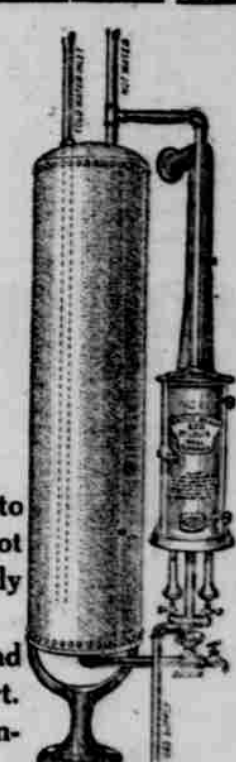

Don't be afraid to let the coal range go because of the need of heat in the kitchen in cool weather. The KITCHEN HEATER here illustrated solves this problem. It's a good little coal-wood stove and attaches to any gas range. Serves as a trash burner in warm weather. Fitted with gas lighter.

BISBEE IMPROVEMENT CO.

Gas Fired Tank Water Heaters

This heater attached to your boiler will provide Hot Water for the whole family throughout the year.

Moderate in price and gives a wealth of comfort. See it connected for demonstration at our store.

Grape-Nuts

This famous pure food makes up for a frequent lack of certain nourishing elements in the daily diet, which make for mental and physical development.

These elements—the vital mineral phosphates—are found in abundance in the whole wheat and malted barley flours, from which Grape-Nuts is made. All the food values of these grains are retained in splendid proportions in this food.

Grape-Nuts comes from the wax-sealed package—crisp, delicious, ready to eat, and remarkably easy of digestion.

"There's a Reason" for Grape-Nuts

Sold by Grocers everywhere.
